

# Collective Impact Fundamentals-in-Action

## Group Activity

### In assigned **Breakout Rooms**:

- **Review** your assigned case study (link in chat)
- **Open** your collaborative document (link in chat)
- **Identify and record** how the 5 conditions of collective impact were addressed in your case study
- **Designate** a group speaker to briefly present a **summary** of and your **findings** from your case study (2-3 minutes)

### **Instructor Notes/Logistics:**

Participants will break into two pre-determined groups (A and B) to review and discuss two respective case studies (link shared in chat prior to breakout) in Zoom breakout rooms. Assignments will be made and rooms set-up before the training session. The instructor will visit both groups twice to observe, answer questions, and provide clarifications and suggestions. Students will document using a collaborative blank, google doc (one per group; link to be shared in the chat prior to breakout.)

### **Case Studies:**

- Group A Case Study: Memphis Fast Forward collective impact initiative focused on increasing economic prosperity in Greater Memphis, Tennessee. <https://www.fsg.org/resource/memphis-fast-forward/>
- Group B Case Study: Communities That Care Coalition collective impact approach focused on teen substance abuse prevention in rural Massachusetts. <https://www.fsg.org/resource/franklin-county-communities-care-coalition/>
